Basset Griffon Vendéen (Grands)

Post grad.

1 st. Marshalls Soufriere one vision. Have watched this youngster throughout her puppy class and pleased to go over her today, head shape in good proportions, slight dome, long ears, strong front assembly, gd depth, topline level on a sturdy body on gd legs & feet core t set and length of tail. RBOB.

2 nd. Weymouth Soufriere now I am here at woolly bassets. The brother to 1 st I see, nice type just not the Finnish of 1 st.

Post Grad.

1 st. Baylis Arapelo Darude, good type and bone, correct head, ear,tail and body length, just needs some meat! On his frame, moved well.

Open

1 st. Makey s Ch/Bel CH Gairside Good Lord JW ShCM. Well what can I say about this boy, have judged him before and he still has all of those qualities of the past and just keeps going, watching the wonderful tail ! He still has such a good time in the ring BOB group 2 well done

O'Day Silvamoon Sweet Sapphire Sh CM, unfortunate to be with the winner of this class today, he has many of the same attributes needed for the breed, maybe a tad more depth of chest, moved well with his competent handler.
