## **Tibetan Spaniel** Sponsored by the SE & E Anglian Tibetan Spaniel Club

### Puppy (2.1)

1. Shorts Malia Summer Memories. A smart well presented 8 month old bitch , carries herself well, nicely balanced with a head of good proportions and appealing dark oval eyes. Good front and correct hare feet, strong topline & tail set on high. BP

### Junior (4.1)

1. As puppy
2. Wallis & Baga Follow Balthasar to Velrok (imp Swe). A nice male of good breed type , very sound on the move , impressed alround , deep thro the body with good spring of rib and correct tail .
3. Poyser & Bodell Andor Golden Girl at Tinamba.

### Post Graduate (10, 1)

1. Springetts Rhubisk Legend in Gold at Pawprints Impressive male showing excellent all round breed type, carrying a fabulous coat and full plume tail, strong through the body and moved freely and positive . This was a strong class to win .
2. Richardson's & Platt Maisijoy Follow that Dream Pushing 1 hard was this super Feminine 4 year old bitch , very pretty head, well constructed , looked good from every angle and also carrying a good silky coat , moved out with style.
3. Piper's Tibbylands Golden Honey

### Open (12, 3)

1. Springetts Rhubisk Designed in Gold for Pawprints. Another great class full of quality exhibits, I really liked this male, as for me he fits the standard to a tee, half brother to previous class winner, always alert and attentive, correct head with dark expressive eyes , everything balanced and correct for size . Finished off with a beautiful full silky coat top coat . Moved around the ring with verve & great style. BOB
2. Richardson's & Platts Maisijoy Devil in Disguise . Another quality male , at 3 years old he's matured into an excellent example of the breed. Correct for size and showed a balanced outline, correct head proportions , excellent front and feet , moved soundly and free .
3. Shorts Malia Eclipse JW

## **Boston Terrier**

### Puppy (3.0)

1. Svitanova, Skubal & Svitan's Texas Dream Boy. Appealing 9 month old male who was well handled today to BP & BOB today . He has a good square head , ears correctly set , nicely arched neck set on good shoulders. His body is square with the correct slightly rounded rump, he stands on good feet and out moved all his rivals today with his sound rhythmic movement.

2. Blackburn's Tampinogas Great Heart This young lady has a lot going for her but gives her handler a real hard time at the moment, movement was difficult to assess as she jumped all the way around the ring. Time on her side and she's worthy of persevering with.
3. Blackburn's Tampinogas Warrior Boy

#### Junior (1.0)

1. Borrelli Philabars Ravenclaw This boy makes a decent outline , although I'd like a more rounded rump. His head is strong and square, with good eye shape and colour, front is good with enough bone and compact feet. Well trained and handler got the best out of him to show sound and easy movement.

#### Open (1.0)

1. Guys Wynele Trooping The Colour A taller rangy type than the others here today, pleasing thorough the head, smooth coat with good markings, I found his topline over roached today.

### **French Bulldog**

#### Puppy (3.2)

1. Goddards Kianspuchi Norma Jean. Promising fawn bitch puppy who is growing nicely and is well balanced and soundly constructed . Lovely for type , sturdy and compact . Pleased to award her BOB, BP and see her win Gp 4

#### Junior (4.2)

1. Ayriss's Katakia Little Dynamo at Boulevaya. Smallish pied bitch who sadly lacked any animation today . Shes of decent breed type , compact and square and moved free and positive.
2. Guy's Midnight Francis A brindle bitch who moved well , but I found her quite long thro the body with pasterns which are too sloping .

### **Dalmatians**

#### Puppy (4.3)

1. Williams Tolkain Storm King from Phandata. At 10 months old he is exactly at the right point of maturity . Super for type and shape, full of character with a lovely head , dark expressive eyes , good bone , catlike feet, well muscled, loved everything about him . He's a good prospect for the future. ABP , PG3

#### Junior ( 4.2,)

1. As pup
2. Green & Searles Alphadal Aint Misbehaving at Judally. Very nice liver spotted youngster, again classy outline , with a quality head , just preferred the deeper chest of 1 .

### Postgrad (5,3)

1. Finlay's Dalfin Actual Fact. With a little more time I think this young male will trouble the best , he's got a lot going for him , impressive outline, solid and very fit , moves with drive , plenty of forechest and depth to his body . Strong back and good tailset , moves with drive. RES BOB
2. Williams's Manorroy Made To Misbehave. A feminine bitch , I found her a tad upright in shoulder and light in the eye . Her rear angulation and feet were good.

### Open (6.1)

1. Green & Sears Boschendal Simply Red at Judally. This was a good class to win, the first three are high quality examples of breed and it was a tough decision between 1 & 2 . Both are quality mature, powerful, sound and typey makes. Quality head of good proportions on this boy , he scored in muzzle length , plenty chest, strong front , ample bone , strong topline & tail set . Powered around the ring. Nicely handed to BOB
2. Gibbs's Phadante Mr Blue Sky JW ShCM. Another who impressed both standing and on the move, again very sound with great breed type , I just preferred the head proportions of 1 today.
3. Brennan's Daymafals in the Mood JW ShCM
